

# Expeditionary Warfare Operation Technology Division

ONR 353

# Our Vision...

---

- *To support the development of Naval Expeditionary Maneuver Warfare through the exploitation and subsequent application of Science and Technology which enhances the ability of the Navy-Marine Corps team to achieve assured access and conduct decisive operations as the naval portion of a joint campaign.*
- *Concept based Marine Corps S&T strategy drives investment roadmap organized by six warfighting imperatives:*
  - *C4ISR*
  - *Maneuver*
  - *Fires*
  - *Logistics*
  - *Human Performance/Training and Education*
  - *Mine Countermeasures (MCM)*
- *Links Discovery and Invention with all Future Naval Capabilities and exploits all Naval and other applicable DoD S&T.*
